# Principal Message

Education plays an important role in enabling a person to the real life situation with adequate knowledge. This general feeling of “belonging”, of being wanted is so necessary to our happiness; but here at school now we seem to take it so much for granted, whether we are a part of sports team, or class or club, or; yes, even part of DFT Schools Family.

Establish your school in your hearts and in your minds as something of which you can really be proud.

Some people believe, and develop a plan;  
Some people doubt, never think that they can;  
Some people face hurdles and give it their best;  
Some people back down when faced with a test.  
We all have a choice, we all have a say;  
We are spectators in life, or we get in and play;  
Whichever choose how we handle life's game?  
The choices are ours; no one else is to blame.

Wish you All the Best

By  
Mr. R. Raja  
Principal
